MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with General Jack Vessey  
7 October 1977

1. We spent most of our time discussing prospects for improving warning time in Korea. Basically, I believe that General Vessey's view that we will be lucky to get warning time with the tactical movement of military units near the DMZ but he certainly thinks we should be able to do better in longer range advance warning as to intentions and plans of the North Koreans. 25X1

a. The General thinks we are moving well in the study for specific ways to improve warning time,
